Conferences do not make better marriages, People who act on decisions they make do!

WEEKEND TO REMEMBER REGISTRATION FORM

Forest Hill, Friday 20 October to Sunday 22 October 2017

Conference investment is \$380 per couple. This covers accommodation, meals, manuals and conference facilities. You will need to work out transport and cost for extra drinks.

The “Weekend to Remember” is a conference for couples of all ages who are married. It is intended to allow couples time away from the routine to focus on their marriage under God.

The conference is structured around presentation of facts and biblical truths about marriage. ‘Projects’ guide and challenge couples to review their context and identify “Action” points for each aspect of their marriage that may they need to attend to.

The conference helps couples understand God’s purpose, plan and power for marriage, the threats every marriage faces, roles in marriage, the communication skills needed to maintain and enhance oneness and intimacy in your marriage.

THIS IS NOT A GROUP THERAPY PLATFORM!

So couples are discouraged from socializing, but urged to enjoy their time together as a couple!

It does not matter whether you are one day or one hundred years married, this investment will make your good marriage better if ... you act on the decisions you will make.

Step out and allow God to build with you the marriage He intended for you!

Fill in the details of the couple that will attend the conference here
